

INSURANCE

## MBA IN INSURANCE

The MBA in Insurance is an innovative, perfectly-balanced programme for the career-minded student. This programme introduces you to the exciting world of Insurance and equips you with the tools to work in the Insurance industry anywhere in the world.

Risk and Insurance are thoroughly covered so as to enable students to grasp the concept of risk and recognise the necessity for insurance, as are the legal aspects of Insurance. Specialist branches of Insurance, such as Life and Marine Insurance, are also included in the programme, giving you a broader perspective on the subject.

The general courses of Management, Investment, and International Financial Management give this MBA full-strength and make it a challenging and rewarding programme.

### **Core Courses**

1. ORGANISATIONAL BEHAVIOUR
2. BUSINESS POLICY & STRATEGY
3. RESEARCH METHODS

### **Electives**

(from which you will be assigned between 4 and 7)

1. RISK & INSURANCE
2. LIFE ASSURANCE PRACTICE
3. MARINE INSURANCE
4. MODERN INSURANCE LAW
5. PRACTICE OF MARKETING
6. INVESTMENT
7. INTERNATIONAL FINANCIAL MANAGEMENT

### **Thesis**

As well as the above subjects, you will be required to complete a Thesis of 10,000 words. This will be on a topic agreed with your Tutor and should have a research bias. You are expected to begin work on the Thesis after your exams, but are encouraged to begin thinking about the area of concentration long before the completion of the programme.
